I stood tall in this trial by fire
I survived it all
Chain is broken and my only desire
Is to avoid the fall

[BRIDGE]

You're leading, leading the cult of the damned
You're feeding them right out of my hands

[CHORUS]

Against the madness of time
I finally killed the snakes in paradise
Against the madness of time
The search is over I'm out from the twilight

In too deep unable to escape
Haunted me in my sleep
What's in it for me? you selfishly asked...
Your promises just try to keep

[BRIDGE]

You're leading, leading the cult of the damned
You're feeding them right out of my hands

[CHORUS]

Against the madness of time
I finally killed the snakes in paradise
Against the madness of time
The search is over I'm out from the twilight

Against the madness of time
I finally killed the serpents and the lies
Against the madness of time
The game is over I unveiled your disguise

... Sleepers awake now it's time to pray
For the souls of the dying
The night after day it's the bringer of pain
To the lonely souls that are crying...

[SOLO / Pete]
