### "Blood Will Win"

Blood is persistent no matter what  
Relentless forever

Burst of existence I will not stop  
Ruthless endeavours

Refuse to be  
The last in line  
Refuse to see  
The end of times

The gates are wide open  
The flood rushes in  
Unstoppable nature  
Edge of darkness, threshold of pain  
Calling all stations

Refuse to be  
The last in line  
Refuse to see  
The end of times

Give me freedom, confess your sins  
The search is over, the blood will win
