"Deceiver"

Storm approaching I can feel it coming
And soon it's past the point of no return

Read between the lines there's a thunder roaming
And I'm giving in to the urge to tame the land

[BRIDGE]

I feel the waves rushing in...
Every second counts and every passing minute, the
hour is here...

[CHORUS]

Deceiver -- Mistreater
Deceiver -- Mistreater

Blind to the truth there is no believing
Doublecrossed me from the very start

Endless thirst for blood hunger grows inside me
You will get what you deserve

[BRIDGE]

I feel the waves rushing in...
Every second counts and every passing minute, the
hour is here...

[CHORUS]

Deceiver -- Mistreater
Deceiver -- Mistreater

[SOLO / Pete]
