Down, down on my knees  
My wounds still bleed  
Numb for all the pain  
This vicious game paralyzes my heart & soul

Curse, curse of the past  
Tides turn so fast  
Rules, so many rules  
Obey the fool and you're lost  
Inside your mind forever  
You're a prisoner

Crush my heart  
Tear my soul to pieces  
Burn my fate  
There's a demon inside of you  
Crush my will  
To live forever  
Build a storm  
There's a demon inside of you

Insane, you were insane  
You pass the blame  
Rules, so many rules  
Obey the fool and you're lost  
Inside your mind forever  
You're a prisoner
