

If You Will "Hate Your Hate"

Stop your heart, with every stray look
Sear the tears, and break the mold
The world will listen to your message
Hate and pain will soon be lessened
Show what is worth holding onto
Make this song sing for
Everything that has a heart beat
This song, it beats, for you

Hate your hate, Find your way
Live for tomorrow, Love for today

Laws will find, their way to break you
The world will try to bring you down
But you must keep on moving forward
Only then can we achieve more
If you thought that life was easy
You have never lived in
Parallel with the real world
This song could change the globe
