You have loved me with energy
Backed up with hard work and guts
We inhabit eternity
We fly forever in space

The way we run together
The way we breeze the miles
We put our heads together
And laughingly we smile

It can't fall
It can't fall
Baby, it can't fall
Death means nothing at all

It can't fall
It can't fall
Baby, it can't fall
Our love will outlive this earth

Words have so many meanings

Sometimes mean nothing at all
Sometimes I feel so simple
I don't know what's coming next

We have swum in the ocean
And that was really alright
I'm not a big man
It's hard to face the world

It can't fall
It can't fall
Baby, it can't fall

That would nail me to the wall

It can't fall
It can't fall
Baby it can't fall
Our love will outlive this earth

It can't fall
