I love girls  
They're all over this world  
Hah!  
Like to look at ya

Well I'm gonna tell you about girls  
They're all over this world  
Some have beautiful shapes  
I wanna live to be ninety-eight

Yeah, somebody to talk to  
And I like to look at you  
Yeah, somebody to talk to  
And I love to look at you  
'Cause you're a real fine girl

Last week in Parea  
I was hanging down with Suzee  
That crazy French magazine  
She turned me backwards to a new scene

'Cause she was somebody to talk to  
And to tell my troubles to  
She was somebody that's so fine  
Worth my looking into  
She's a beautiful girl, girl, girl

Summertime oh and the living is easy  
The girls are jumping and the cotton is high  
Your daddy is rich and your mama's good looking  
So hush little baby don't you cry  
'Cause you're a real fine girl
