One, two, three, four
Five, six, seven, eight
Let's go

You are a moron
I'm glad to be here
Seeing the sight of you
Smelling the smell of you

You most deplorable glaring example
Of a degenerate narcotic influence
My seething hate is driving me nuts
What can I do to obliterate you?

I snub you

I really hope you're one of a kind
You don't care who you brutalize
You are a bully plain and simple

You are a beast you are a pig
You've been a pig for long enough now
I'm making my move
I'm making an end to you

I snub you
And when I snub
I really snub
I snub you finally, forever

Is she really going out with him?
You are one of a kind

Now is the time
I'm playing my ace
I'll give you a mouthful
You can't swallow

Unquestionably I've been lacking in taste
You're being cheerful but not for long
Your Mum and Dad they sure made a mess
You're going to look like watercress

When I snub you
He snubs you
We snub you
Dogs snub you
I snub you

Four, seven, twelve, two, six
