A bowling wind is whistling in the night, my dog is  
growling in the dark  
Something's pulling me outside, to ride around in  
circles  
I know that you have got the time cause anything I  
want, you do  
You'll take a ride through the strangers who don't  
understand how to feel

In the death car, we're alive, in the death car, we're  
alive

I'll let some air come in the window, kind of wakes me  
up a little  
I don't turn on the radio cause they play shit, like... You  
know  
When your hand was down on my dick, it felt quite  
amazing  
And now that, that is all over, all we've got is the  
silence

In the death car, we're alive, in the death car, we're  
alive  
So come on mandolins, play

When I touched you, I felt that you still had your baby  
fat  
And a little taste of baby's breath makes me forget  
about death  
At your age you're still joking, it ain't time yet for the  
choking  
So now we can own the movie and see each other truly

In the death car, we're alive, in the death car, we're  
alive  
I want to ear some mandolins.
