I found you lookin' for the rainbow  
You found me waitin' for a chance  
Now, we got something good together  
A life where we have joined our hands

And there ain't nobody gonna break that  
Our love  
And there ain't nobody gonna break it  
Our love, our love, our love

I didn't have too much to offer  
You didn't have much to expect  
A cold hotel room, full of trouble  
Beside a blinkin' traffic light on all night

And there ain't nobody gonna break this  
It's our love  
There ain't nobody gonna take it  
Not our love

Nobody's gonna take this  
It's our love, love

I know the feeling of being outside  
Alone and watchin' all the fun  
The crowd's together, laughin' loudly and long  
But that type they're never really strong

An' there ain't nobody gonna take it  
An' there ain't nobody gonna take it  
An' there ain't nobody gonna take it  
There ain't nobody who's gonna break it

It's our love  
It's our love  
It's our love

It's our love  
It's our love  
It's our love

It's our love

Love  
Love
