And now...the news :

Louie Louie  
Oh baby I gotta go  
Louie Louie  
Oh baby I gotta go

The Communist world is fallin' apart  
The capitalists are just breakin' hearts  
Money is the reason to be  
It makes me just wanna sing Louie Louie  
Louie Louie  
Oh baby I gotta go  
Louie Louie  
Oh baby I gotta go

A fine little girl is waitin' for me  
But I'm as bent as Dostoevsky  
I think about the meaning of my life again  
And I have to sing Louie Louie again  
Louie Louie  
Oh baby I gotta go

Louie Louie  
Oh baby I gotta go  
Let's give it to 'em right now  
Oh man, I dunno like ...health insurance &  
The homeless & world peace  
& AIDS & education ... I'm tryin' to do right  
But ... hey  
Life after Bush & Gorbachev  
The wall is down but something is lost  
Turn on the news it looks like a movie  
It makes me wanna sing Louie Louie  
Louie Louie  
Oh baby I gotta go  
Let's go
