I got a secret, you can live and learn
I got a secret, you can live and learn
You don't know me but I burn
You don't know me but I burn

Deep in your gut you know the right way out
Deep in your gut you know the right way out
Not like those guys who mess around
Not like those guys who fake it, now

Perforation problems, not all right
Hangin' on a needle out of spite
Perforation problems, no one home
Stumblin' like a dirty slave in anger

I got a worm down in my troubled soul
I got a worm down in my troubled soul
Now I'm all right but there's still holes
Now I'm all right but there's still holes

Every time I think it was my last
Every time I hoped it was my last
I watched my future become my past
I watched my future become my past

Perforation problems, not all right
Hangin' on a needle outta fright
Perforation problems, no one home
Stumblin' like a dirty slave, in anger

I still get angry when I look back
I still get angry when I look back
When I look ahead, my bags are packed
When I look ahead, my bags are packed

Perforation problems, not all right
Hangin' on a needle out of fright
Perforation problems, no one home
Stumblin' like a dirty slave

Perforation problems, not all right
Perforation problems, every night

Perforation problems, no one home
Stumblin' like a dirty slave

Perforation problems, not all right
Hangin' on a needle outta fright
Perforation problems, no one home
Stumblin' like a dirty slave
