Nervous you need a drink  
tired you need a lift  
you feel on the brink  
maybe you need new tits

vulnerable as a ship  
but you re not on the sea  
can you talk to anyone here?  
no, not really

and the crowd stays on your back  
and the girls are all s0 stacked  
and the stress it lines your face  
and you realy need a place

its just that social life  
its got you on the run  
that goddamn social life  
it's torture dressed as fun  
it's just that social life  
they got you seein things  
that goddamn social life  
and now you re chasin strings  
that goddamn social life  
god-awful art and clothes  
plenty of money, though  
you guess it must be worth somethin  
what that would be you don' t know  
in your imagination  
there's a face of love

someone who will come along  
instead of comin on

anp the forces ebb and flow  
and the money goes and goes  
and something makes you  
want to throw a brick  
through the window

it's iust that social life  
it's got you on the run

that goddamn social life  
it's torture dressed as fun  
it's iust that social life  
they got you chasin strings  
that goddamn social life  
and you are seeing things
