I made love to a superbabe
I kinda wondered how I did
It may be pointless to describe her
But she has the power of gravity
She used a voodoo force on me

Big tits, high ass, long legs, flat stomach
Helped her cover all my dreams with sleep
She's using mojo energy

Snake hips, full lips, strong thighs, green eyes
(Superbabe)
White teeth, fresh meat, just like the TV
(Superbabe)

She's got the wild stuff, makes love for good luck
(Superbabe)
Don't miss with her kiss, won't duck from a woah
(Superbabe)
(Superbabe)

I made love to a superbabe
So tell me what else could I do
Until I couldn't do no more
Or even know what for, forever and a day
I'm gonna jump on superbabe

Fame, drugs and money cannot save me
And evil's everywhere but here comes superbabe
She's U.S.A. prime all the way

One, two, three, four, who the fuck are we for
(Superbabe)
Five, six, seven, eight, I can relate
(Superbabe)

Don't miss with her kiss, won't duck from a woah
(Superbabe)
She's got the wild stuff, makes love for good luck
(Superbabe)

Superbabe
