(Chorus)

They call me, Day glo, in the day I glo
They call me, night bright, in the night I light
All the corners of the streets with my eyes

They call me, Day glo, in the day I glo
They call me, Night bright, in the night I light
All the corners of the streets getting high

They call me
Day-glo
In the day I glow
They call me
Night bright
In the night I light
Up all the corners of the streets with my eyes
I got nothing to give, just a little tiny surprise
Now you only know the me
That doesn't think twice
Acting so cool and relaxed
Yea I seem so nice
Fuckin free like a bird
But I don't fly much
And I like how you like my touch
Now check it what.

(Chorus)

They call me, Day glo, in the day I glo
They call me, night bright, in the night I light
All the corners of the streets with my eyes

They call me, Day glo, in the day I glo
They call me, Night bright, in the night I light
All the corners of the streets getting high

Swing and swing
And take your hand
And put it on the rope and swing
Doesn't matter if you let it go
You won't feel anything
We can't be hurt or touched
We got a ray of light, we're high, we're flying

And shining up above the moon tonight
See I'm melting like a man of snow
Or a snowman
Holdin cold hands
Take a little sip
But don't dance, ha
We can't be hurt or touched
We got a ray of light, we're high, we're flying
And shining up above the moon tonight

Chorus)

They call me, Day glo, in the day I glo
They call me, night bright, in the night I light
All the corners of the streets with my eyes

They call me, Day glo, in the day I glo
They call me, Night bright, in the night I light
All the corners of the streets getting high
