You came in to my life
You cannot separate yourself
You came in to my life
You cannot separate yourself

And I found that 'round here
In this city that I won't disappear
In this city, I got nothing to fear
In this city, in this city

And I found that 'round here
In this city that I won't disappear
In this city, I got nothing to fear
In this city, in this city

Close those doors
Close those doors now
Now, now, just keep 'em open
Keep 'em open, yeah, keep 'em open

I'll keep on, keep, keep on going
Taking it in so, so heavy
Take it easy, son, this ain't so deadly
Got keep on, gotta go on, gotta go on

Take it all with what we've done
Gotta push it, push it, push it
To the top of the building
Even when no one is feeling
It might bother you, don't let it
If these people just don't get it

They can't express it
They won't accept it
She said, it's okay
That they may never give you that credit

And I found that 'round here
In this city that I won't disappear
In this city, I got nothing to fear
In this city, in this city

And I found that 'round here
In this city that I won't disappear
In this city, I got nothing to fear
In this city, in this city

I've been down here
Down these roads
People pass through

Some stay some go
Standing here broke
Not a penny to my name
But she says she loves me all the same

I try my best and you do to
And all you want is something you can move to
Everybody's gotta get their kicks somewhere
Everybody gotta fit in somewhere

There's, an open road
And I'm traveling down
Don't know where to go
But I lock and load
Shoot that sky till the moon explode
Moon explode

Now we're laying in a field
White flowers on our backs
Talking 'bout home
But we can't go back

I guess, that's why we left
So we could take a step
Keep moving and forget the rest

You came in to my life
You cannot separate yourself
You came in to my life
You cannot separate yourself

And I found that 'round here
In this city that I won't disappear
In this city, I got nothing to fear
In this city, in this city

And I found that 'round here
In this city that I won't disappear
In this city, I got nothing to fear
In this city, in this city

And I found that 'round here

In this city that I won't disappear
In this city, I got nothing to fear
In this city
