The night is warm as I lie asleep  
a life is lost when they broke in  
and the air is cold and my skin is bare  
the door swings open as i fight for life  
my hands are locked and my eyes are blind  
and this frigid air is losing me  
and these concrete walls have it all locked in  
and the time I count starts tonight

I am here holding  
The night is warm as I lie asleep  
a life is lost when they broke in  
and the air is cold and my skin is bare  
the door swings open as i fight for life  
my hands are locked and my eyes are blind  
and this frigid air is losing me  
and these concrete walls have it all locked in  
and the time I count starts tonight

I am here holding  
I am holding my hands to the sky  
and wishing for the answers

and these bars are black and i can't see through  
and this empty chair is my new friend  
and you cast my eyes away from the day  
these nights are dark yet blinding too  
you say you wont I know you will  
lock this door and lose the key  
I sit as stone and await the end  
these cold dark night have me locked in

I am here holding  
I am holding my hands to the sky  
and wishing for the answers

to set me free  
its so wrong its so right  
but it'll set me free.  
I am holding my hands to the sky  
and wishing for the answers

and these bars are black and i can't see through

and this empty chair is my new friend  
and you cast my eyes away from the day  
these nights are dark yet blinding too  
you say you wont I know you will  
lock this door and lose the key  
I sit as stone and await the end  
these cold dark night have me locked in

I am here holding  
I am holding my hands to the sky  
and wishing for the answers

to set me free  
its so wrong its so right  
but it'll set me free.
