Shattered
All remaining lights
Seems like the way
That i convinced myself
Feelings better on the shelf
Again with everything it means
Born to loose
With nothing much left to say
But i guess it doesn't matter anyway
Pull me close
Watch me fall
Time runs out
Can't say it's my fault
So it's my turn to hurt
But it's no one's fault
It's my time to hurt
I let my guard down
So i'll take the fall
Time's are running out for us all
Are you guilty
For what you just said
Are you faithful
To what's inside your head
Pull me close
Watch me fall
Time runs out
Can't say it's my fault
So it's my turn to hurt
But it's no one's fault
It's my time to hurt
I let my guard down
So i'll take the fall
Time's are running out for us all
My feelings toward this situation
Is that i'm guilty
For being the instigator
Of these phallicies
Not seeing the painful parts of
Insecurities
For not being the friend that you want
You want me to be
This distance

Is distance
Distance (distance)
Distance (distance)
Distance (distance)
Distance distance
