no one's gonna hurt you, not anymore  
ever since I've met you I've come to adore you  
and I know they've hurt you bruised and sore  
and I wanna love you a nightengale that longs to sleep  
and sound  
No ones gonna hurt you, no ones gonna hurt you not  
anymore  
No ones gonna hurt you, no ones gonna hurt you not  
anymore  
if I hold you close I will take you to a secret world where  
no one  
knows  
no one's gonna hurt you, not anymore  
ever since I've met you I've come to adore you  
and I know they've hurt you bruised and sore  
and I wanna love you a nightengale that longs to sleep  
and sound  
  
No ones gonna hurt you, no ones gonna hurt you not  
anymore  
No ones gonna hurt you, no ones gonna hurt you not  
anymore  
you've tried for so many years to runaway  
please don't break my heart  
oh you know this is our last chance  
if we ever gonna make it  
no one's gonna hurt you, not anymore  
no one's gonna hurt you  
I swear to god I need, there is no more  
no one's gonna hurt you  
over rocks, over stones, all my life spent alone
