(chorus)

Im down for you
Always my love is true
Im down for you
Always my love is true
Im down for you
Always my love is true
Im down for you
Always my love is true

[verse 1]

Do you understand that im there for you
Do you have in mind
Can you get a clue
Can you take a hint
That your love is spent
That im always there
I'll go anywhere
When you go to court
I'll stand by your side
Ima hold your hand if you do some time
Im gonna hold it down for you at the house
Im gonna do your job until you get out

(chorus)

Im down for you
Always my love is true
Im down for you
Always my love is true
Im down for you
Always my love is true
Im down for you
Always my love is true

[verse 2]

L-O-V-E has neva been easy for me
Too addicted to my game
Made a track
Sleezy bitches my way
But don't worry baby
Cause your boy's a underdog
That's always been able to see

Through the thick fog
Fake luv gets no love from this thug
I stay above from all that
And appreciate the time
You took the time to get back
Drivin home after shows
3 or 4 in the morn'
Fucked up
Call you from my celly phone
You tellin me to stay up
And when i went to court
You always helped me keep my head up

Can't eva forget that
Cutie cat i know you got my back
And i got yo back too
But for now we just hold it down and stay so true
Even though i wish that i could be yo man
Due to circumstance
I hope you understand
That we gotta stay friends
Through thick and thin
I'll always be there
Holdin it down til the end

[verse 3]
In the middle of the night
Or in the mornin time
Just call me up
Cause you'll never find
Another girl like me
Who'll be down you'll see
With all the shit
That you been through

Cause im down for you...
(yeah hold it down one time baby)
For you...
(uh, uh, that's all you gotta just hold it down baby. hold
it down for you boy)
Ima hold it down for you...
(uh, uh, uh...)
Always...
(already like 2pac said, i don't wanna be yo man i
wanna be yo nigga)
Cause you know my love is true...
For you...

(2x)
Hold it down baby
When it comes to me and you

Hold it down baby
Cause you know we stay so true
Hold it down baby
We can cruise around the world
I can be ya boy and you can be my girl

Im down for you
Always my love is true
Im down for you
Always my love is true
Im down for you
Always my love is true
Im down for you
Always my love is true
