Release the joy

Release the joy

Release the joy

Release the joy

Release the joy
Release the child inside your mind
Release the joy
And count the stairs we climb

Release the joy
Release the child inside your mind
Release the joy
And count the stairs we climb

Release the joy

Release the joy
Release the child inside your mind
Release the joy
And count the stairs we climb

Release the joy

Release the joy

Release the joy

Release the joy

Release the joy
