When you're away
I'm feeling empty, I lose my mind
But when you're around
I take for granted most of our time

Honey, you say that I'm cold
And sometimes I'm out of control
Baby, you know how I am
At the end, you're always mine

I don't mean to when I hurt you
But I need you, I assure you
Just let me be when I'm crazy
At the end, you're still my only

At the end, at the end, at the end
At the end, at the end, at the end
At the end, at the end, at the end
At the end, at the end, at the end

Right when you're gone
I really miss you, you got my heart
When you come back
I just wanna kiss you and it tears you apart

Honey, do make me stay
Believe me, it's better this way
Baby, I'm true and I'm real
I'm giving you all that I feel

I don't mean to when I hurt you
But I need you, I assure you
Just let me be when I'm crazy
At the end, you're still my only

I don't mean to when I hurt you
But I need you, I assure you
Just let me be when I'm crazy
At the end, you're still my only

Sweetie, I'm trying my best
To give you the most and no less

Darling, I'm true and I'm real
I'm giving you all that I feel

I don't mean to when I hurt you
But I need you, I assure you
Just let me be when I'm crazy
At the end, you're still my only

I don't mean to when I hurt you
But I need you, I assure you
Just let me be when I'm crazy
At the end, you're still my only

At the end, at the end, at the end
At the end, at the end, at the end
At the end, at the end, at the end
At the end, at the end, at the end
