If you should see me Action like a child Back to the age When I was nine Please come on And lend a hand

If I to free to see What really lies Ahead of me With some love Just lend a hand

Lend a hand To get myself together Lend a hand To make life a little easier Lend a hand If I'm still green Still living in my world of dreams With some love lend a hand

As much as I a grown up man Daily living some times get heavy Please hold me on oh Lord With a helping hand If I'm looking cold and weary Rag clothing covering me With some love come on lend a hand
