"Runaway"

Can we go away and never turn around again?
On an escapade and always keep the vision

Can we open out and spread ourselves around the
sand?
Captivate the sun, keep the light till the world ends

Runaway, runaway
Runaway, runaway

Take away the wall and break away my defense
Candle by our side and never let the rain begin

Runaway, runaway
Runaway, runaway

We're a part of a plan and it's already written
There is no other way, it's inside our every sense

Earth is our island
(Earth is our island)
Earth is our island
(Earth is our island)

Runaway, runaway
Runaway, runaway

Karma, am I yours is that your intuition
If that is your word, I'm the definition

Earth is our island
(Earth is our island)
Earth is our island
(Earth is our island)

Runaway, runaway
Runaway, runaway

In our destinies, this is what was missing
Echo in my mind, even through my distance

Runaway, runaway

Runaway, runaway

Runaway, runaway
Runaway, runaway

Runaway, runaway
Runaway, runaway

We're a part of a plan and it's already written
Candle by our side and never let the rain begin
