I'll be another  
A mirror to me is a mirror to you  
Double take it  
That second glance will prove it true

That second glance will prove it true  
That second glance will prove it true

And think about it  
You're asking me as I'm asking you  
Just keep on walking  
In single file will hurry though

In single file will hurry though  
In single file will hurry though

With functions  
Extra windows  
Local promenades  
??  
??  
Ritual  
Absolute  
Precision  
Divide  
Compress  
??  
Replicate

??? psyche  
??? psyche  
??? psyche

I'll be the other  
You're asking me as I'm asking you  
Don't double take it  
Just one glance will do
