Thank you
You who made thing possible
Thank you my sweet Lord
For giving me life to live
When I close my eyes
And give praise to my owner
No man is his own keeper
Slowly I close my eyes to sleep
And Zion belongs to me
Thank you Jah

Thank you
For whatever you have done
Thank you my brethren
For all your contribution
When I needed help
To make myself a man
No man is his own keeper
Slowly I close my eyes to sleep

And Zion belongs to me
Thank you Jah

Thank you
For love oh love oh Jah
Thank you for health
Strength and prosperity
Thank you oh Jah thank you
From the rising of the sun
Until the going down there of
I thank you in the morning
Give praise to you in the evening
Thank you Jah thank you thank you
