Man walks beside and said well  
Don't you know it's out of your depth  
A loose hunch with a rusty plan  
It just goes hand in hand  
A judge and crook share a room  
Tick off names in year book school  
I don't believe it cannot be true  
Half appear on the council list  
Nameless body under blackfriars bridge  
I know the tale but it aint no myth  
The man becomes beside again  
Don't you know son it's in your head  
Just don't speak of what was said  
Don't you know you're out of your depth  
A loose hunch with a rusty plan  
Just goes hand in hand

New day is dawning all change in the city of glass  
New day is dawning all change in the city of glass  
New day is dawning all change in the city of glass  
New day is dawning all change in the city of glass

Man walks beside and said well  
Don't you know it's out of your depth  
A loose hunch with a rusty plan  
Just goes hand in hand  
A judge and crook sharing a room  
So don't tell me nothing is true  
I don't believe it, it cannot be true  
Half appear on the council list  
Nameless body under blackfriars bridge  
I know the tale but it aint no myth  
The man becomes beside again  
Don't you know it's in your head  
Just don't speak of what was said  
Don't you know it's in your head  
A loose hunch with a rusty plan  
Just goes hand in hand

A new dawn is coming all change in the city of glass  
A new dawn is coming all change in the city of glass  
A new dawn is coming all change in the city of glass

A new dawn is coming all change in the city of glass

A new dawn is coming all change in the city of glass  
A new dawn is coming all change in the city of glass  
A new dawn is coming all change in the city of glass  
A new dawn is coming all change in the city of glass

Man walks beside and said well  
Don't you know you're out of your depth  
A loose hunch with a rusty plan  
It just goes hand in hand  
A judge and crook share a room  
Tick off names in yearbook room  
I don't believe it cannot be true  
Just goes hand in hand
