Go now
Scare the crowd
You don't give a damn
You don't give a damn

Run now
Shout aloud
They can't touch you now
They can't touch you now

Go now
Scare the crowd
You don't give a damn
You don't give a damn

Run now
Scream aloud
They can't harm you now
They can't harm you now

So what's the point in all this talking
It's a lying game
Ye it's a lying game

So what's the point in all this talking
It's a lying game
Ye it's a lying game

And they come
They come and go
And they hide what they know
Don't they know
The winters come
They'll be what will be

Sing loud
Shout aloud
They can't touch you now
They can't touch you now

Go now
Scare the crowd

You don't give a damn
You don't give a damn

Go now
Scream aloud
They can't harm you now
They can't harm you now

Go now
Scare the crowd
You don't give a damn
You don't give a damn

And they come
They come and go
And they hide what they know
Don't they know
The winters come
They'll be what will be

So what's the point in all this talking
It's a lying game
Ye it's a lying game

So what's the point in all this talking
It's a lying game
Ye it's a lying game

And they come
They come in droves
And they hide what they know
Don't let go
Cos winters come
They'll be what will be

Sing loud
Shout aloud
They can't touch you now
They can't touch you now

Go now
Scare the crowd
You don't give a damn
You don't give a damn

Run now
Scream aloud
They can't touch you now
They can't harm you now

Go now

Scare the crowd
You don't give a damn
You don't give a damn
