Hey what's the point
If you don't even ask
This modern feeling
Will take you to the last
We hang around
Living by and by
I can't believe it
You can't believe it

I've been living with this modern feeling
Shake down and let them pass away

I've got a lifetime
To sit and comprehend
That modern feeling
Will get you in the end
I hang around
Waiting by and by
I can't believe it
You can't believe it

I've been living with this modern feeling
Shake down and let them pass away

So what's the point
If you bother to ask
This modern feeling
Will take you to the last
You hang around
Taking by and by
I can't believe it
We can't believe it

I've been living with this modern feeling
Shake down and let them pass away

What is the point
If you don't even ask
What is the point
If you don't even ask
What is the point
If you don't even ask

What is the point
What is the point

I've been living with this modern feeling
Shake down and let them pass away

So what's the point
If you bother to ask
This modern feeling
Will take you to the last
We hang around
Living by and by
You don't believe it
We don't believe it
