Bit part in a fringe show  
Intro features just ghosts  
Images just goes to show  
Can't see them anymore  
Lime lights wall to wall  
And that mirror had seen it all  
It's too loud close the door  
Just can't hear it anymore

There are some things you didn't do whilst you were  
singing in your pop-group

Hit south just chase the calls  
Double booked heard it before  
Cross wires I'll put you on hold  
Cut the ribbon at the village hall  
Small ads to keep afloat  
Endless fags and local scores  
I used to be the spark in the straw  
I just don't believe in it anymore

There are some things you didn't do whilst you were  
singing in your pop-group

Bit part in a fringe show  
Intro features just ghosts  
Bit part in a fringe show  
Intro features just ghosts

Images now at a stones throw

Bit part in a fringe show  
Intro features just ghosts  
I used to be the spark in the straw  
I just don't believe in it anymore

There are some things you didn't do whilst you were  
singing in your pop-group  
There are some things you didn't do now you're gonna  
have to see it through
