I've been the same old
Can't get connected
What's that you say now
And what you started
Hey hey hey
You wanna be that way
You wanna be that way

I can't kill my lack of dreams
Well it comes down to what I see
And your list?? facts
Forever?? playing video tracks
This beats??
I've got a feeling that I'm feeling now
And your list?? facts
Forever?? playing video tracks c'mon
Hey hey hey
You wanna be that way
You wanna be that way

Don't get me started
Can't get connected
What's that you say now
And what you started
Hey hey hey
You wanna be that way

You want it you take it you got it you fake it
You want it you take it you got it you fake it
You want it you take it you got it you fake it
You want it you take it you got it you fake it
You want it you take it you got it you fake it
You want it you take it you got it you fake it
You want it you take it you got it you fake it
You want it you take it you got it
Hey hey hey
You wanna be that way

I've been the same old
Can't connect it
What's that you say now
And what you started
