And the morning hits you hard
Well don't worry it's not too bad
We cut across the waste ground
The place where nothing grows
When we get together
We can head up up town
I'll meet you by the bus station
You just sniff another life

Just?? round here
?? in my way
Ten years ago you said
The very same thing as today
Just?? round here
?? in my way
Ten years ago you said
The very same thing as today

And I hope you got the message
From the guy down the road
That over looks the waste ground
Where nothing grows
We'll keep hold of the letter
And we can head up up town
I'll meet you by the bus station
You just sniff another life

Just?? round here
?? in my way
Ten years ago you said
The very same thing as today
Just?? round here
?? in my way
Ten years ago you said
The very same thing as today

Just?? round here
?? in my way
Ten years ago you said
The very same thing as today
Just?? round here
?? in my way

Ten years ago you said
The very same thing as today
