baby do you wanna take a ride
wanna take a ride
into philadelphia
think i maybe wanna take a ride
wanna take a ride
into philadelphia

all the girls are fast asleep
way back in no-man's-land
in the middle of the day
so it looks like it's just you and me
with hours on our hands
little man what do you say
we'll slip away
we'll slip away and they will never know it

baby do you wanna take a rideÂ...

five o'clock, it's almost dark in february
got a shadow on my face
cast by a son, doesn't know he's the one
whose open eyes might save me
when we make our great escape
it eats away
it eats away at me until i'm starving

baby do you wanna take a rideÂ...
