Darling (yes Tina) you're starting to get next to me
(Honey that was my plan from the very beginning)
Darling (un huh) I never thought that this could be
(What you mean) oh yeah
Your lips set my soul on fire
And you can feel one desire
Oh darling (yes yes) I think it's gonna work out fine
(It's gonna work out fine)
I wanna tell you something Ike

Ike I've been to see the preacher man
(The preacher man you must be losin your mind)
I started (started what) I started making wedding plans
(Oh really) oh yeah
If your love is half as true as the love I offer you
Oh darling (yes yes) I think it's gonna work out fine
(It's gonna work out fine)

I keep a tellin' you (I think it's gonna work out fine)
I get the feelin it's a (gonna work out fine)
I keep a tellin' you (I know it's gonna work out fine)
I'm so glad that you're mine all mine

Remember (remember what) I used to call you dapper
dan
(Yeah those were the good ole days)
A thriller forever and a lovin man (that's me) oh yeah
A whole lot of girls used to feel your speed
But now pretty daddy I'm all you need
Oh darling (yes yes) I think it's gonna work out fine
(It's gonna work out fine)

I keep a tellin' you (I think it's gonna work out fine)
I get the feelin it's a (gonna work out fine)
I keep a tellin' you (I know it's gonna work out fine)
I want you to know it's gonna work out fine
