Go to a poogy woogyish poogy woogy in a poogy
woogy
See, my heart is dancing an excited poogy woogy,
don't act spoiled
A poogy woogy says something poogy woogily to a
poogy woogy
See, my heart is dancing a fuzzy poogy woogy, don't
tease me

Ahh, ahh, ah! Ah?

Call (fun fun, we hit the sun sun
Fun fun, we hit the moon moon
Fun fun, we hit the sun sun
Fun fun fuuun)

I'll invite you to the earth's last night
It's love! It's lust! Something's still missing somehow
Why am I so sentimental?
This life is too short to burn fully, full, fully

I daringly dial up the next world
No more indecisive chatter now
If we're going to have fun, we want to make it more
joyful, right?
Don't give me that face, sing this love, love message

See, go to a poogy woogyish poogy woogy in a poogy
woogy
See, my head is spinning in a nervous poogy woogy,
don't shake me up
A poogy woogy says something poogy woogily to a
poogy woogy
See, my head is spinning in an aching poogy woogy,
don't let this run out

Ahh, ahh, ah! Ah?

Do we really need a reason for living?
The devil is laughing, break down this style, style
A(C) disappearing is a revolution, let this seductive

melody, yeah, reach
The world

If we're going to stop breathing, we want to enjoy life
more, right?
Don't give me that face, yell out this love, love
message

See, go to a poogy woogyish poogy woogy in a poogy
woogy
See, my heart is dancing an excited poogy woogy,
don't act spoiled
A poogy woogy says something poogy woogily to a
poogy woogy
See, my heart is dancing a fuzzy poogy woogy, don't
tease me

Call (fun fun, we hit the sun sun
Fun fun, we hit the moon moon
Fun fun, we hit the sun sun
Fun fun fuuun)
