Broken promises
You leave me without face
My hands are tied behind me
And now I'm always there in despair

Those frozen tears we shed
Shattered an icy floor
To void my restless soul
As it burns inside of me, let me be

Your eyes will never see
Distorted my memory
Don't stop what's meant to be
Stone cold misery

Help me realize
Before i fade away
This page that falls before me
It seems my tainted fate, it's too late

Lost in this endless dream
Forever in decay
This night that follows me
Will I awake in time, left behind

Your eyes will never see
Distorted my memory
Don't stop what's meant to be
Stone cold misery

I tried to understand
I tried to set you free
I tried to see it your way
My stone frailty

Your eyes will never see
Distorted my memory
Don't stop what's meant to be
Stone cold misery

Trial Of Destiny
