the monitor is jaded
the light has all but faded
if you still want me then i have to know
i cut the wires i'm dying inside
we eat alone in silence no mending
this appliance
if you still love me then i have to know
i cut the wire w're dying inside
can i fade out on you tonight?
the final curtain has fallen on me
i want to meet my maker
before my scene is over
if you still love me then i have to know
i'll cut the wire we're dying inside
can i fade out on you tonight=
the finalcurtain has fallen
on me
and you

s.b. rest in peace x
