Oh, look what you've done to me...
I'm in pieces around your feet
And no, don't take back what you said
Just learn to leave it where we left it there

That is why you look so
That is why you look so
That is why you look so mine tonight

She, she's on an aeroplane
While I, I just learned how to stay
And you can see it in her eyes
You can see it in her eyes she just came
Yeah it's all very well, it's all very well
But is it love?

That is why you look so
That is why you look so
That is why you look so mine tonight

Oh, look what you've done to me.
