"Fall Apart"

If I wake from dreams
Shall I fall in pastures
Will I wake the darkness
Shall we torch the earth

If I wake from dreams
Shall we find the emptiness
That breaks the silence
That shall stop our hearts

If I wake from dreams
Shall we cry together
For the howling echoes
And restart the night

And why did you say
That things shall fall
And fall and fall and fall
And fall apart (2)

If I wake from dreams
For the glory of nothing
For the cracking of the sun
For the crawling down of lies

If we fall from dreams
Shall we push them into darkness

Stare into the howling
And clamber in the night

If we fall from dreams
All my prayers are silenced
To love is to loose
And to loose is to die

And why did you say
That things shall fall
And fall and fall and fall
And fall apart (3)

And why did you say

That things shall fall
