We come together  
Though as one  
I'm waiting for you  
To be the one

We come together  
In this place  
Something surrounds me  
So powerful

And when we dance  
There lies untold  
Belief and rituals we behold  
Into the night there comes the cold  
The door is open

And when we dance  
There lies untold  
Belief and rituals we behold  
You can't escape the hallowed ground  
The hallowed ground

We come together  
You and I  
We come together  
You and I

And when we dance  
There lies untold  
Belief and rituals we behold  
Into the night there comes the cold  
The door is open  
And when we dance  
There lies untold  
Belief and rituals we behold  
You can't escape the hallowed ground  
The hallowed ground

And when we dance  
There lies untold  
Belief and rituals we behold  
Into the night there comes the cold

You can't escape the hallowed ground

The Shadow Of The Angel
