How could I have led these men  
To their demise and they just follow?  
Exploration's last great prize  
It wasn't mine

And more's the shame  
You will remember my name

Great God, this is an awful place  
I do not think that we can hope  
For any better things now

Oh, the end, cannot be far  
It cannot be far, I cannot wait  
Explorations last great prize  
A saving grace, it wasn't mine

And more's the shame  
You will remember my name

And more's the shame  
You will remember my name
