Hip Hop brought cultures together  
I remember cuzines in camaros pumping "Tougher  
Than Leather"  
Yankel Rosenbaum still got stabbed in Crown Heights  
Gavin Cato got hit when they ran that red light  
over a decade of healing but the scars remain  
both families involved still harbor the pain  
age 13 - 70's baby raised in the 80's  
mad fights with blacks and whites  
and both sides hated me for nonsense  
the white kids was playin it wack  
cos i'm from the projects and my neighbors is black  
I had to prove whiteboys could thump too  
but fuck skin color - I was proud to call myself a tough  
jew  
I guess i'm mad lucky to be raised in NY  
the world's capitol - my attitude was take em to war  
other places would've raised me in a useless format  
in Texas they dream about hunting jews with Borat

Call me white nigger  
Call me christ killer or kike  
Call me nigger lover  
because I spit on the mic  
think you got me figured out  
you're not listening right  
get ya fuckin head kicked in for thinkin you're hype

Call me white nigger  
Call me christ killer or kike  
Call me nigger lover  
because I spit on the mic  
think you know what i'm about?  
you're not listening right  
get ya fuckin head kicked in for thinkin you're hype

they call me white nigger  
Call me every name in the book  
I done heard em all  
fuck ya'll - I made it a hook  
made it a song

exposing the hatred to all  
cos any type of racism is wrong  
had newsmen talking as a kid about Yusef Hawkins  
same age as me when Joey Fama caught him walking  
through Bensonhurst  
a world away from my Glenwood Projects  
racially mixed - combustible - it lead to conflicts  
I was never raised prejudice  
my grandmother was a holocaust survivor  
and my uncle did heroin  
my pops wasn't around  
my moms kicked him out the house  
and broke her back to put food in our mouths  
age 12 - they bussed my projects to the white school  
holes in my sneakers - I never fit in with them rich white  
dudes  
I didn't click up with the blacks kids neither - I bought a  
Iron Maiden  
t-shirt and wrote rhymes in my trapper keeper

Call me white nigger  
Call me christ killer or kike  
Call me nigger lover  
because I spit on the mic  
think you got me figured out  
you're not listening right  
get ya fuckin head kicked in for thinkin you're hype

Call me white nigger  
Call me christ killer or kike  
Call me nigger lover  
because I spit on the mic  
think you know what i'm about?  
you're not listening right  
get ya fuckin head kicked in for thinkin you're hype

Run-D.M.C. really made me wanna get wreck  
same time Kerry King played guitar for Megadeth  
it was 84, 85 - LL Cool J "rock the bells"  
obliterated my mind - so inspired I created a rhyme  
Beastie Boys on U68 - "she's on it" made up my mind  
hardcore - the other bright side  
I thought Bad Brains was white guys when Melle Mel  
dropped "white lines"  
nazi skinheads showed up at Lamour's in Brooklyn  
got stabbed up by puerto rican skins from Bushwick  
Geraldo got his nose broken - Tawana Brawley on  
Donahue  
central Park wildin had the world scopin  
now VH1 got a show for wiggers  
and some claim the jews be the biggest wiggers - we're

considered  
the most dangerous cause they think we shift our  
forms  
cast spells & wear beanies to restrict our horns from  
being seen  
growing out our heads - the killers of christ  
these fools wear white sheets and believe that hitler  
was right  
believe it or not they still exist undercover  
and Mel Gibson never liked Danny Glover  
another piece of shit called out in the paper - if we was  
there,  
me and my peoples would have beat the fuckin shit  
outta Kramer  
if this song offends you, you're a hater - take a look  
within yourself  
and figure out what the fuck you're afraid of

Call me white nigger  
Call me christ killer or kike  
Call me nigger lover  
because I spit on the mic  
think you got me figured out  
you're not listening right  
get ya fuckin head kicked in for thinkin you're hype

Call me white nigger  
Call me christ killer or kike  
Call me nigger lover  
because I spit on the mic  
think you know what i'm about?  
you're not listening right  
get ya fuckin head kicked in for thinkin you're hype
