

Ill Harmonics

"Take Two"

Visit "[Take Two](#)" on MotoLyrics.com

Chorus:

Take two, and manana give a call
the question's asked and answered yes ya'll
a double dose, pill from the ill prescribed
your pharmacist to assist in the catching the vibe
so take two, and manana give a call
the question's asked and answered yes ya'll
a double dose, came to live up the scene
and keep the whole crowd moving to the ill routine

Verse 1:

Roll on out your bed and take two
for your head that be throbbing
from all the neck bobbing
its the ill hangover
side effects very common
but its an illness that you won't regret
and don't forget
when we come strolling thru your habitat
get out your welcom mat
ids cause were bringing cutst to the head
like the horse,am did
coming bold, feverish, both hot and cold
now I know that you're sick all up in your head
but were making hose calls
with beats and yes ya'lls
and you know its the ill,
not a does of nyquil
honna burn going down
but you'll love the sound
now this ain't your regular emcee office visit
no waiting thirty minutes before we get you up
plus the cure we guarantee before you pay your fee
and yes its a steep price
so head the doc's advice

Verse 2:

I took two pills of skills
and on the reals from my pocket
spent sixteen bills folled the warning in the morning

I woke up all choked up and brok up
kissed my wackness gone
practiced on top of tables
the label said something about some side effects with
catching wreck
plus some gaining respect from all my peers (cheers)
coming from stands hands from the rap fans
couldn't possibly clap to make noise
boys with the prefix "b"
will stricktly windmill and uprock
with flairs and whatnot
plus beats hitting replay,
loved by the dj you may catch referrals from murals
of a writer warning: Will not create rap superstar
may cause depression cause your sales aint upto par
its far fetched so i sketch my words to represent I'm
not just a client
I'm the president.

Bridge:

There's too many emcess
not enough mics to talk
to be or not to be
it's three minus one fro the definition
its also, also, and after mic check one
too many emcees rocking the same flow
the number to tango, its knight and its playdough
we're terrible two's from tuesday til today
we're scratching off our to-do list so touchee
et tu brute?
