It's time to get back where you came from

Now is the time to accept our rights
Was right
Por ser lo mas provocar was wrong
Was wrong
Everything's over, I feel sober
To start my life
The one step took me right there

Two intentions were not
Predisposed to our fear
Searching without a cause

Now is the time to cañ±o our souls
Inside
Lo necesito sin tu control
I'm not fine
Siento en mis venas, ninguna pena
Without a fear
The one step took me right there

Two intentions were not
Predisposed to our fears
earching without a cause

Like a game of chess I carved your chest
Just don't snap back
And find a nigga with a snap neck
Bust a move, drop the news
It's a crying shame
I'm bringing all the pain
And now you want to slap my face
You think that you can ruin my race
We snap back with this attack
This is the time to get a life back
And now you want to slap my face
You think that you can ruin my race
We snap back, and with this attack
This is the time, life back

Two intentions were not
Predisposed to our fear
Searching without a cause
