Born, burn  
Don't die for me  
Don't cry for me  
Don't justify my love  
I could not exist for you  
I do not exist to you  
Don't bleed for me  
Don't beg for me  
Don't justify my blood  
I could never sin for you  
Cuantas veces yo te pido? (how many times have I  
asked you?)  
Cuantas veces dios? (how many times god?)

This over anxious blind affection  
When you don't even know my name  
You still want my oppression  
Bad Intention blind affection  
When you don't even know my name  
Will you help me to stop the bleeding, the bleeding, the  
bleeding

Don't lie for me  
Come lie with me  
Don't justify my love  
I could never bleed for you  
I will never bleed for you  
Rise for me  
Survive for me  
Don't justify my blood  
I do not exist to you  
Cuantas veces yo te pido? (how many times have I  
asked you?)  
Cuantas veces dios? (how many times god?)

This over anxious blind affection  
When you don't even know my name  
You still want my oppression  
Bad Intention blind affection  
When you don't even know my name  
Will you help me to stop the bleeding, the bleeding, the

bleeding

Dejame en paz, dejame en paz, dejame en paz (leave  
me in peace)

This over anxious blind affection  
When you don't even know my name  
You still want my oppression  
Bad Intention blind affection  
When you don't even know my name  
Will you help me to stop the bleeding  
This over anxious affection  
You want my oppression  
This over anxious affection  
You want my oppression  
Will you help me to stop the bleeding
