I like to bless myself
While I play with all the pieces that protect my energies
Get it out to the outside
Give it out from the inside
It's so fun to be by myself
With no one here but me

So far
No me protestes
I don't give a fuck what you think
No More, No me investiges
The fascists are getting the lead

So you think that you know me
Got it all figured out
Well I might be dead in your eyes
But I'm still alive and I will never wanna follow anyone
else

I serenade myself
And I'm pulling on the pieces
That deflect my enemies
Give it all from the inside
Get it all on the outside
I like to be by myself

With no one here but me

So far
No me protestes
I don't give a fuck what you think
No more, No me investiges
The fascists are getting the lead

So you think that you know me
Got it all figured out
Well I might be dead in your eyes
But I'm still alive and I will never wanna follow anything
else

So you think that you know me
Got it all figured out

Well I might be dead in your eyes
But I'm still alive and I will never wanna follow anyone
else
So you think that you know me
Got it all figured out
Well I might be dead in your eyes
But I'm still alive and I will never wanna follow anyone
else
