We're damned
Like you, like you
I live so addicted just to you
Underneath my damaged skin, it's true
I don't wanna hear the same opinion
I don't wanna hear the same condition
I don't wanna be like you
(Like you)
'Cause I just wanna be like me
(Like me, like me)
God is only for the dead
God is only in my head
Is there anyone who cares
To answer our prayers?
God is only for the damned
God is only in my head
Is there anyone who cares
To answer our prayers?
Like you, like you
My sins are encrypted just like you
But underneath we're flesh and bone, it's true
I don't wanna hear the same opinion
I don't wanna hear the same condition
(Like you)
'Cause I just wanna be like me
(Like me, like me)
God is only for the dead
God is only in my head
Is there anyone who cares
To answer our prayers?
God is only for the damned
God is only in my head
Is there anyone who cares
To answer our prayers?
Burning red right now, memories burning red
Burning red right now, memories burning red
Burning red right now, life is flashing red
Burning red right now
They say that God is for the dead
I won't let up to rest my head
They say this world is for the damned
Then let it go because we are them

They say that God is for the youth
They say that guns could cure the truth
If God is only for the damned
I'd never want to live again
