Tu vida isn't what you want until you let it break  
You only look beyond yourself pero esta en ti

If there's wrong or right, will I live or die?  
there's a meaning I, don't see in black and white

To all the kids who walk in shame, feel decieved  
Rise up, believe  
Then raise your hand, say with me

I won't surrender, I will remember  
I can, I make a difference in this world  
I won't surrender, I will remember  
I can, I'll find a way

Don't believe in what you hear  
It's all but led by fears  
Only half of what you see  
Is what you'll really be

To all the kids who walk in shame, feel decieved  
Rise up, believe  
Then raise your hand, say with me

I won't surrender, I will remember  
I can, I make a difference in this world  
I won't surrender, I will remember  
I can, I'll find a way, I'll find a way

I won't surrender, I will remember  
I can, I make a difference in this world  
I won't surrender, I will remember  
I can, I'll find a way, I'll find a way

But tonight I'll reach a level of heights  
Esta aqui buscalo en ti  
Everything is up to you, vive en tu juventud  
La vida es part of this  
Everything is up to you, vive en tu juventud  
La vida es part of this  
Tu vida isn't what you want untill you let it break

I won't surrender, I will remember  
I can, I make a difference in this world  
I won't surrender, I will remember  
I can, I'll find a way  
I won't surrender, I will remember  
I can, I make a difference in this world  
I won't surrender, I will remember  
I can, I'll find a way
