There's a fever in my head,
something I can't explain.
Why don't you get a clue? (get a clue)
Get a clue, get a clue!

There's anger in my brain,
something I can't explain,
I'll never be like you.(be like you)
Who are you, who are you?

Bastard, cheater, liar,
war has just begun.
I'm just a man (I'm just a man)
with all of my dreams (all my dreams)
I follow my hearth (I follow my hearth),
es mi revolucion.
I'm just a man (I'm just a man)
with all of my dreams (all my dreams)
this is all part of my revolution.

God, follow me now,
save me from what I've become.
God, follow me now,
save me from what I've become.

The knife you keep so well,
there's something you can't tell.
I'm ready to go.(ready to go)
Ready to go, ready to go!

The knife behind your back,
well, try to take a stab.
I'm ready for more. (Ready for more)
Ready for more, ready for more!

Bastard, cheater, liar,
war has just begun.
I'm just a man (I'm just a man)
with all of my dreams (all my dreams)
I follow my hearth (I follow my hearth),
es mi revolucion.
I'm just a man (I'm just a man)

with all of my dreams (all my dreams)
this is all part of my revolution.

Sharp as the knife that you keep.
sharp as the knife that you keep.

Bastard, scalpel the point of view.
Liar, when will you get a clue.
Bastard, scalpel the point of view.
Liar, when will you get a clue.

war has just begun (just begun),
war has just begun (just begun),
war has just begun (just begun),
war has just begun (just begun).

Sharp as the knife that you keep behind your back,
this war has just begun.
Sharp as the knife that you keep behind your back,
this war has just begun,
just begun for you.

I'm just a man (I'm just a man)
with all of my dreams (all my dreams)
I follow my hearth (follow my hearth),
es mi revolucion.
I'm just a man (I'm just a man)
