Namaste

Come around, come around

Predatory Jungle law

Come around, come around

Predatory Jungle law

One, one soul, one heart,

One man, one truth, one tribe,

One life, one god

Come around, come around

Predatory Jungle law

Come around, come around

Predatory Jungle law

Embrace one feeling left inside

The more we breathe

The more it takes my breath away

Everything you do

Everything in you

Everything you do and say

Doesn't wash it all away

Come around, come around

Predatory Jungle law

Come around, come around

Predatory Jungle law

One, one fate, one rise,

One sky, one breed, one pain,

One light, one fire

Come around, come around

Predatory Jungle law

Come around, come around

Predatory Jungle law

Embrace one feeling left inside

The more we breathe

The more it takes my breath away

Everything you do

Everything in you

Everything you do and say  
Doesn't wash it all away

Come around, come around  
Predatory Jungle law  
Come around, come around  
Predatory Jungle law
